The correlation between home and school is very important. By working together, we can help your child lay a solid foundation upon which to build in the future.

We are looking forward to assisting your child through the first steps along the pathway to becoming the best that he or she can become.

Come join our loving, learning & caring environment.

Thank you for your interest in the First United Methodist Church Preschool as the first step in your children's structured educational experience.

We have defined the following as part of our educational philosophy:

1. *Social-Emotional — Expressing feelings and interacting with others. This includes, among other characteristics, expressing and controlling feelings, cooperating with others, showing social awareness, self-concept development, relationship to parents and relationship to adults in general.*
2. *Language — Developing communication skills. This includes such skills as listening, following directions, memory, self-expression, and reading interest.*
3. *Cognitive—Acquiring and using information. This involves processes such as thinking, learning information, memory, imagination, problem solving and understanding.*
4. *Motor Skills — Using the body with control and efficiency. This consists of fine motor skills such as walking, balancing and jumping.*
5. *Hygiene and Self-Help — Caring for personal needs in healthy ways. This includes recognizing needs, accepting responsibility for satisfying needs and being able to take care of self in generally safe and accepted ways.*
